NJDEP-Bureau of Flood Control - New Jersey

Environmental noise is the summary of noise pollution from outside, caused by transport, industrial and recreational activities.. Noise is frequently described as 'unwanted sound', and, within this context, environmental noise is generally present in some form in all areas of human, animal, or environmental activity. The effects in humans of exposure to environmental noise may vary from ...

Environmental noise - Wikipedia

Due to a lapse in appropriations, EPA websites will not be regularly updated. In the event of an environmental emergency imminently threatening the safety of human life or where necessary to protect certain property, the EPA website will be updated with appropriate information.
