Theories of integration. The question of how to avoid wars between the nation-states was essential for the first theories. Federalism and Functionalism proposed the containment of the nation-state, while Transactionalism sought to theorise the conditions for the stabilisation of the nation-state system.. One of the most influential theories of European integration is neofunctionalism ...

Gender Medicine focuses on the impact of the gender on human physiology, pathophysiology, and clinical features of diseases. The concept of Gender refers to a complex interrelation and integration of sex "as a biological and functional marker of the human body" and psychological and cultural behaviour (due to ethnical, social, and religious background).
