Activities of daily living (ADLs or ADL) is a term used in healthcare to refer to people's daily self care activities. The concept of ADLs was originally proposed in the 1950s by Sidney Katz and his team at the Benjamin Rose Hospital in Cleveland, OH and has been added to and refined by a variety of researchers since that time. Health professionals often use a person's ability or inability to ...

Sustainable living is fundamentally the application of sustainability to lifestyle choice and decisions. One conception of sustainable living expresses what it means in triple-bottom-line terms as meeting present ecological, societal, and economical needs without compromising these factors for future generations.

Everything I've been telling you is true, it's cheap! I've paid rent in both Orlando and Los Angeles, and my Thailand costs have averaged at least one third of my previous living expenses. Part of why I moved to Chiang Mai was because I had this suspicion that I could maintain a fun and full life, without all the worrying about expenses if I lowered my cost of living.
