We aim to investigate the impact of marketing science articles and tools on the practice of marketing. This impact may be direct (e.g., an academic article may be adapted to solve a practical problem) or indirect (e.g., its contents may be incorporated into practitioners' tools, which then influence marketing decision making).

From academic research to marketing practice: Exploring

Subtle effect of advertising. The subtle influence of advertising works in a variety of ways, such as those shown below: Promotion of images that do not equate to the truth, but are presented in ways that appear to be â€”truthfulâ€”™.
