mathematics b.sc. part i (semester i) paper i (complex numbers and algebra) unit 1: elementary functions of complex variables 10 lectures

B.Sc. Part I Semester I and II Mathematics Syllabus

There is a close connection between machine learning and compression: a system that predicts the posterior probabilities of a sequence given its entire history can be used for optimal data compression (by using arithmetic coding on the output distribution) while an optimal compressor can be used for prediction (by finding the symbol that compresses best, given the previous history).
