In filmmaking, the rough cut is the second of three stages of offline editing. The rough cut is the first stage in which the film begins to resemble its final product. The term originates from the early days of filmmaking when film stock was physically cut and reassembled, but is still used to describe projects that are recorded and edited digitally.

Holy Theatre is theatre in which those parts of life which escape our senses become manifest. In other words, it is the theatre of true memes, the heuristics and recognized patterns that exert irresistible influence on eusocial animals in a culture that has survived for millenia on the basis of those heuristics and recognized patterns.
